Dear Todd:

I wanted you to know that Phil and his assistant did a wonderfully efficient job of moving my office on December 28th. Not only were they on time, but moved everything into their truck quickly, arrived at my house in a short time, and then moved everything in efficiently. Most important, they had a wonderful attitude, for which I tipped them more than I normally would.

I certainly would recommend your company to others, and of course, would use you again.

Cordially,

  
Daniel Saxon
